

Figure 4.1. Professional Fees and Expenses Calculator

The LoPucki-Doherty Professional Fees Calculator

Enter an estimate of a large public company's assets, click on "calculate," and the program predicts the total professional fees and expenses from filing through confirmation. Additional input increases prediction accuracy.

Example		Input
\$881,600,000	<input type="text"/>	Enter debtor's assets at filing (from the petition, in dollars).
406	<input type="text"/>	Enter the number of days from petition filing to plan confirmation.
11	<input type="text"/>	Enter the number of professional firms authorized to work.
no	<input type="text"/>	Enter "yes" if the bankruptcy case is in Delaware, "no" if it is not.
Calculate	<input type="button" value="Calculate"/>	Output
\$5,773,817	<input type="text"/>	We can be 80% confident the fees and expenses will not be less than this
\$9,420,857	<input type="text"/>	We predict the court will award this amount of fees and expenses
\$15,371,554	<input type="text"/>	We can be 80% confident the fees and expenses will not be more than this
